

Public Health Services – Food Control Service

Confirmation of Good Manufacturing & Permit for a GMP GMC Food Symbol

Under my authority according to Article 42 of the Protection of Public Health (Food) Law, 5776-2015, and the Public Health (Food) (Good Manufacturing Conditions) Regulations, 5753-1993 (hereinafter: The **Regulations**), I hereby confirm that, based on the information at my disposal, the below factory meets the requirements for receiving Good Manufacturing Practice (GMP) Certificate and a Good Manufacturing Conditions Food Symbol under Article 46 of the Law:

Factory Name: **Haifa Negev Technologies Ltd. 511010589**
Address: **Mishor Rotem Factories**
Manufacturing License No. **52514**

Good Manufacturing Certificate given for: Manufacture of food additive – phosphoric acid (H_3PO_4) and monopotassium phosphate (KH_2PO_4).

Terms for the certificate and permit:

1. This certificate is valid for the place of manufacture only, and is not transferrable.
2. Any change in any detail of the application for this certificate or the documents attached to it, must be notified to the National Food Service by the certificate holder as soon as possible, and no later than 14 business days.

The validity of the certificate and permit are from: **April 01, 2024** until: **March 31, 2027**.

The certificate was issued on: August 22, 2024.

Sincerely,
(signed)

Pnina Oren Shneider
